Notes:

¹FAS 0210 is a non-degree credit-bearing course, and it is a graduation requirement. It counts for 2 non-degree credits, i.e., they do not count towards the degree. However, this course can be waived upon a successful test-out.

- Holders of the Moroccan baccalaureate take ARB 1241 without placement.
- Holders of a French baccalaureate take <u>one</u> ARB course based on placement test results.
- Holders of international high school degrees with no prior Arabic language instruction take <u>one</u> ARA course based on placement test results.

² All degree-seeking students must earn 2 SCH of Arabic language by taking <u>one</u> course from the list. Arabic courses are categorized depending on the student's high school diploma and prior Arabic proficiency level.

Holders of the Moroccan baccalaureate must earn 2 SCH of French language by taking FRN 3210 as an exit level. Every newly admitted student is required to take an international official French placement test TEF (*Test d'Evaluation de Français*) in order to determine how many courses in French he/she needs to take and at what level. If based on TEF placement test results students have to take additional French courses as pre-requisites, the latter will not count towards the degree. Students may not take French in their first semester of study, and they can also be exempted upon earning a minimum of C1 in TEF. International students with no prior knowledge of French may choose to take Spanish to satisfy GenEd

language requirements.

⁴ This course is open only to students **NOT** minoring in Communication Studies.

⁶Students majoring in ESS must take BIO 1401 Principles of Biology as part of the Major Core. Only a CHE and PHY course can be taken to fulfil the Physical Sciences component of GenEd.

Students majoring in ESS must take GEO 1301 Introduction to Geography as part of the Major Core. Only PSY 1301, SOC 1301, or SSC 1310 can be

taken to fulfil the Social Sciences component of GenEd.

A course with an SL component must be taken as co-requisites. Failing the course will *de facto* result in failing the SL component, too. Failing the SL component will result in an NRP in the SL component only. Students who fail the SL component must enroll in another course from their degree plan with an SL component in the subsequent semesters.

9 In case no subsequent course in the student's degree plan is offered with an SL component, he/she must submit an SL proposal to the SLP Committee and enroll in SLP 1101.

OPERONAL GOVERNORS

To complete the CIP, the student must take CIP 1001, CIP 1002 *and* CIP 2000. Students who choose CIP will have a missing credit that they have to make-up later.

^{*} ESS Students minoring in BA must replace ECO 1300 with HUM 2301, in which case they cannot take the latter as part of the Arts batch in GenEd. **STA 2401 is equivalent to GBU 2301 when switching schools. Students should not add any credit in this case.

^{***} The internship must be done in summer session prior to the student's graduation semester in Fall or Spring, when they enroll in INT 4302; Students must fulfill all the French requirements, if applicable, before they take their internship.
